Feedback from 2011

"As always, informative and comforting. Reinforces the feeling we are in safe hands"

"Extremely informative and the best part was that DPS were here to listen to our views"

Breakout Groups

The Breakout Sessions will be chaired by DPS specialists and we encourage you to discuss your views on changes to your software module's with other users. Any suggestions for development will also be noted. Clients will be able to attend 2 groups during the course for the day, these groups will include:
